A number of Food Processing Industrial Units have already filed applications for Central Grant under MFPI schemes and they are pending with Government of India for quite some time and in some cases the pendency is as long as two years. It is not known whether Government of India would eventually issue sanction orders to all these pending applications. Most of these units are otherwise entitled for incentives available under the State incentive scheme NIP-2000-05 also. Since they have already applied to Government of India and their cases are pending with Government of India they are not allowed to apply for incentives under State scheme as it has been the practice not to allow availment of incentives by industrial units under both the schemes. In this connection, it is noted that the industrial units whose claims would be rejected by Government of India would be placed in a piquant situation of not being eligible to file claims under State policy as in most cases they would have crossed the time limit of six months from DCP for filing such an application under NIP-2000-05. Further, in certain other cases some of the industrial units may be willing to withdraw their applications pending with Government of India and instead opt for State incentives available under NIP-2000-05. In all these cases it is therefore necessary that their claims should be admitted without insisting on the condition that the claim should be filed within six months from the date of commencing of the production. An intention to start their industry as immediately as possible paid the <u>machinery advance in the year 2006 itself and planned to start their industry</u> at Atukuru, Krishna District and applied for loan at Andhra Bank which was sanctioned on 26.11.2009. 3. Proposed site had two difficulties (1) the land was in VUDA limits and the land conversion a very lengthy process (2) there was an underpass in the approach road which would force the containers to take 15 km additional route to reach the proposed site. Consequently they had to buy a new site at Chikkavaram (V), Gannavaram (M), in the year 2009. 4. They informed that the selection of the land was not easy as they had to abide by various rules and regulations of the Government which has considerably delayed the start of the project. 5. they have applied for temporary power supply in the year 2009 and had to lay a separate 33 KV line for 6 kms since the industry is located in rural area and laying of 14.7 power line has resulted in unwanted disputes with some of the villages through which the lines were to be passed. As such the power lines was relocated and laid again moreover, as the power lines had to cross a railway line permission was accorded in October, 2010 through we have applied in the month of February, 2010. All the above reasons were beyond the control and capacity hence could not commence the production as per original schedule and were deprived of the incentives offered through G.O.
