Medak district is a district located in the Indian state of Telangana. Medak is the district headquarters. The district shares boundaries with Sangareddy, Kamareddy, Siddipet and Medchal districts.

PHYSICAL FEATURES

Location and Size:

Medak, one of the Western districts of Telangana lies approximately between 17°27' to 18°19' North Latitudes and 77°28' to 79°10' East Longitudes. The total area of the district is 2,765 Sq. Km and ranks 16th position contributing about 3.53 % area of the State. The shape of the district is rectangular from West to East.

Physiography:

Physiographically, the district has an average height between 500 and 600 meters above Mean Sea Level (MSL). The topography of the district can be characterised by plains as well as upland, plateau, significant areas of stony waste and boulder rocks characterise the district with open scrubs and dry channels, ponds are quite frequent all over the district. A few ranges like that of Medak hills cross the district. In addition, isolated peaks and rocky clusters lie scattered. The hilly areas are covered under reserved forests comprising of maddi, chinangi, satinwood, mahua, nimand abnus. The leaves of abnus are used for making beedis and are important forest products of the district. The district is composed of oldest rock formations, i.e., Archaean gneisses and those consisting principally of peninsular granite. The Western part has large deposits of Mesozoic – lower tertiary rocks. Besides, in the South-western part, Pliocene – Laterites is found between Manjira and Kagna rivers. The soils developed in the Eastern half on Archaeangneisses are Ustalfs in the Northern part and Ustalfs-Tropepts in the Southern part. Usterts soil sub-order association is generally found in Western half with a large extension of Orthents-Tropepts in the extreme Western part of the district. Keeping the physiographic characteristics of the district into consideration, there are five divisions as follows.

Medak-Narsapur Forested Region: (Area – 2,224.00 Sq. Km) Being relatively higher in altitude (600 meters) with large forest covers, this region is obviously distinctive from the adjoining regions. It covers the parts of Narsapur, Medak, Ramayampet and Gajwel areas. Pushpal and Haldi Rivers with their tributaries flow in this region from South-east and flow to North-west and join Manjira River which touches the region at its North-west corner. Geologically, the region has been developed on Archaean gneisses. Formed on disintegrated material of parent rocks, the soil in the North-western half belong to Ustalfs sub-order association while Tropepts are associated with Ustalfs in South-eastern part. There are large patches of reserved forests scattered over the region. These are open/dense mixed jungles of dry mixed deciduous type.

Soils:

The soil of the district is mainly red earth comprising loamy sands, sandy loams and sandy clay loams. Black cotton soil consisting of clay loams, clay and silty clay is found in the district.

Flora and Fauna:

The entire district is covered by the Southern tropical dry deciduous forests. The short monsoon period has a significant effect on the floristic composition of the forests of this district. The common species found in the district are maddi(*terminalia tomentosa*), Chirangi(*larger stroemia parvijlora*), satinwood (*chloroxylon*

abnusa are used for making beedies which is the most important among the minor forest produce. During the dry season most of the trees are deciduous for a considerable period. The shedding of leaves starts around January and the trees remain leafless till June. Some dry ever green species like Korivi (*lxore parvijlora*), alli (*memecylonedule*) and pala or sapota (*mimusops hexandra*) are also commonly seen along with other species. Teak (*tectora grandis*) is the most valuable and important product in the district.

Previously the forests of the district were active with wild life. The pocharam wild life sanctuary extending from Medak to Nizamabad district also had a variety of wild animals and birds. But lack of adequate drinking water facilities, adverse environmental factors, the advent of modern weapons and other means of hunting are responsible for the destruction of the fauna of this district. Among carnivores, wolf, jackal and fox can be found on the outskirts of the district. Beautiful four-horned antelope, wild bear, blackbuck and sloth bear are also found in the jungles. Occasionally sambar and spotted deer appear in the interior jungles. Among avifauna (flying species), partridge, pigeon, the great Indian bustard, peafowl, green pigeon, green jungle fowl and varieties of ducks and cranes are common.

Irrigation:

Manjira, a tributary of River Godavari is flowing in the district. The important Nizam Sagar dam is constructed on this river. The other important streams are Haldi and Kudalair flow in the Eastern half of the district.

Ghanpur Project is a medium irrigation project with an ayacut of 8,650 Hectares in the district. Kaleshwaram project water is also utilized for irrigation in the District.

The Committee(DLEPC) is hereby constituted with following composition:

Sl. No	Official/Department	Role
1	Collector/District Magistrate	Chairperson
2	Designated DGFTRA	Co-Chairman
3	GM, District Industries Centre	Convener
4	Nominated member from the State Government(Commerce & Industries Department)	Member
5	Lead Bank Manager	Member
6	Representative-Department of MSME, Govt.of India	Member
7	Representative Sector Specific Export Promotion Council	Member.
8	Representative-Quality & Standards Implementation Body	Member

9	Representative from District Trade /Commerce Associations.	Member
10	Sector Specific Ministry in Government of India(Agriculture, Fisheries, Plantation boards etc.,	Member
11	Sector Specific Ministry of the State Government	Member
12	Spectoral Agencies Specific to Product identified in each District.(NABARD etc)	Member
13	Other State Government Representative(As per requirement)	Member

DISTRICT AT GLANCE

The district shares boundaries with Sangareddy, Siddipet, Karmareddy, Medchal districts.

Land details:

Geographical Area:

Industrial Units No. of units	620
InvestmentInvestment	Rs.4102.65 Cr.
Employment	24022

2786.00Sq.Kms.ForestCovers:563.41sq.Kms. Industrial Statistics

TS-iPass:

Proposed Industries	133
Proposed Investment	Rs.312.69Cr.
Proposed Employment	2673

Agricultural Statistics:

Sl.No.	Type	Hectares
1	Land Holdings	275416
2	Gross Cropped Area	218271
3	Net Cropped Area	150147
4	Gross Irrigated Area	170540
5	Net Irrigated Area	102832

Horticultural statistics:

Major Crops/fruits/ vegetables

The details of the fruit crop are aisas shown below:

1	Mango	2595Acrs
2	Guava	575.00Acrs
3	Orange	25.00Acrs
4	Pomegranate	40.00Acrs
5	Tomoto	950.00Acrs.

Forest Covers:

Out of total Medak District the area of 573.23 Sq. Kms is covered under the forest area with the percentage of 21.00 %.

Predominant economic activity:

In Medak district the major economic activity is Agriculture with Rice, Maize, Jawar, Red Gram, Green Gram etc.,

population statistics: As per the 2011 Census

Sl.No.	Type	Population Nos.
1	Males	378654
2	Females	388774
	Total	767428

Banking Network:

There is a good banking network in Medak District, the type of banks with details are as shown below:

1. Nationalized Banks	:	52Nos.
2. Private Banks	:	7Nos.
3. Regional Rural Banks	:	22Nos.
4. Cooperative banks	:	10Nos.
Total	:	91Nos

Hospital details:

1. Allopathic Hospitals		
a. Health Sub-Centres	:	159Nos.
b. Primary Health Centre	:	20Nos.
c. Community Health Centres	:	2Nos.
d. Area Hospitals	:	2Nos.

e.

Details of professional colleges, degree colleges and schools:

The following are the educational institutions available in Medak district

a. Primary Schools	:	636 Nos.
b. Upper Primary Schools	:	181 Nos.
c. High Schools	:	217 Nos.
d. Model Schools	:	9 Nos.
e. KGV B Schools	:	15 Nos.
f. Junior Colleges	:	53 Nos.
g. Degree Colleges	:	24 Nos.
h. Engineering Colleges	:	1 Nos.
i. Pharmacy Colleges	:	2 Nos.
j. MBA Colleges	:	1 Nos.
k. B.Ed Colleges	:	4 Nos.

Major mineral resources:

There is a abundant no. of minerals such as Quartz, Feldspar, Building Stone, Road metal and Granite in Medak District.

The quartz mineral is used in the glass, tiles and slabs manufacturing industries.

Feldspar is used in ceramic industry and low grade feldspar is used in cement industry to increase combustion factor/ calorific value of coal.

The District is having enormous deposits of stone and metal used in the building construction purpose. Stone and metal occur in the several mandals of the district especially at Yeldurthy (Ramanthapur, Asthalapur, Masaipet), Ramayampet (V&M), Toopran (Lingareddypally, Allapur, Ghanpur Villages).

Important Tourist Places:

The following are the important tourism places in Medak District

1. Heritage Historic Holy Church,
2. Wild Life Sanctuary at Pocharam,
3. Heritage Medak Fort,
4. Edupayala Vana Durga Bhavani Temple.

INDUSTRIES INFORMATION OF MEDAK DISTRICT & INDUSTRIAL ESTATE IN MEDAK DISTRICT.

Sl.No.	Name of the Industrial Park/IE	No. of units existing
1	Kondapur	12
2	Toopran	89
3	Kucharam	68

Industries is as shown below:

Sl.No.	Category	No. of units		Investment Rs. In crores
		Existing	Under Implementation	
1	Micro	153	36	524.22
2	Small	437	78	1269.04
3	Medium	26	13	1130.08
4	Large	22	4	776.00
5	Mega	2	1	3200.00
	Total	640	132	6899.40

PROJECTS UNDER IMPLEMENTATION:

Sl no	Name & address of the unit	Line of activity	Investment (Rs. Crores)	Employment
1	NUTRIFY HEALTH FOOD PRODUCTS PRIVATE LIMITED	Food and food processing including fruits and vegetable processing	5.8299	100
2	THIRUMALAGRO INDUSTRIES	Rice mill (Rice hullers only)	2.075	10
3	FUDICT FOODS	Construction & Demolition (C&D) waste Processing Plants	3.1738	15
4	LAMCO INDUSTRIES UNIT-II PRIVATE LIMITED	Wire drawing and wire netting	12.27	90

Existing Mega&Large Industries:

Sl No	Name&addressofthe unit	Line of activity	Investment (Rs.Crores)	Employment
1	ITC Limited, Manoharabad(V&M), Medak district	Potato Chips	278	1200
2	VST Industries Ltd, Syno. 228,229,104,105,107, Kondapur(V),Manoharabad (M), Medak Dist.	Cigarettes	44.00	932
3	Mahalaxmi Profiles Private Limited (Expansion), Kallakal(V), Manoharabad(M),Medak Dist.	MS Round, Square and Rectangle Steel tubes	20.00	100
4	Cauvery Iron and Steel India Ltd, Khajapur(V), Shankarampet-R(M),Medak Dist	Iron & Steel (involving processing from ore/integrated steel plants) and or Sponge Iron units	475.00	3500
5	Radha Smelters Ltd, Unit-II, Shankarampet-R(V&M),Medak Dist.	Iron & Steel (involving processing from ore/integrated steel plants) and or Sponge Iron units	50.00	622
6	MSN Life Sciences Pvt. Ltd.Sy.No.455/A,455/AA,455/E, 455/EE Chandampet Village, Shankarampet(R)(M),Medak District	Pharmaceuticals and Chemicals	74.00	550
7	Jeevaka Industries Private Limited,Sy.No.145/1,145/11, Chegunta (V&M), Medak Dist.	Steel and steel products using various furnaces like blast furnace open hearth furnace/ induction furnace.	66.00	800
8	Shree Malani Foams Pvt.Ltd, Survey No. 306, 310-313, Shankarampet(V&M),Medak District.	Foam manufacturing	80.00	400

Resources Available and Scope of industries in Medak District:

The following mineral resources are available in Medak district:

Sl.No.	Name of the Mandal	Resources available
1	Chegunta (Rampur, Gollapally, Makkarajpet and Vepur Villages)	Quartz, Feldspar, Building Stone, Road Metal and Granite
2	Shankarampet-R (Dharpally Village)	
3	Narsapur (Madhapur Village)	
4	Shankarampet-A (Jukal, gottimukala, Malakapur Villages)	
5	Ramayampet (Chalimeda and Ramayampet)	
6	Shivampet (Sikindalapur Village)	
7	Tekmal (Yelkurthy)	
8	Yeldurty (Ramanthapur(V))	

The quartz mineral is used in the glass, tiles and slabs manufacturing industries. Feldspar is used in ceramic industry and low grade feldspar is used in cement industry to increase combustion factor/ calorific value of coal.

There is a scope for quartz and feldspar processing units in Medak District. The District is having enormous deposits of stone and metal used in the building construction purpose. Stone and metal occur in the several mandals of the district especially at Yeldurthy (Ramanthapur, Asthalapur, Masaipet), Ramayampet(V&M), Toopran (Lingareddypally, Allapur, Ghanpur Villages). There is a scope for stone crushing units to produce stone aggregates useful in the construction, roads and other civil works.

Further, the following line of activities is under active implementation in Medak District:

Quartz Powder, Welding electrodes, Stainless Steel fabrication, Plastic Granules, PVC insulated cables, Pre-engineer building structures, Seed Processing, Rice Mills, Iron and Steel units and Pharma units.

IMPORTANT INDUSTRIAL ACTIVITIES UNDER MICRO, SMALL AND MEDIUM ENTERPRISES.

- i. Rice Mills(Boiled&Raw)
- ii. Pharma Units.
- iii. Iron and Steel units.
- iv. Food Products.
- v. General Engineering works
- vi. Barbed wire/fencing wire
- vii. Pump-set repair/Servicing.
- viii. Flexy printing
- ix. Mineralized Water Plants.
- x. Bakery items manufacturing.
- xi. Hotels and Restaurants.
- xii. Readymade garments.
- xiii. Poultry feed/Poultry farms
- xiv. Milk and milk based products.
- xv. Cement Flyash Bricks
- xvi. HDPE pipe manufacturing unit.
- xvii. Wood based products/sawmills, Steel furniture works.
- xviii. Solar power generation.

EXPORT POTENTIAL PRODUCTS OF THE DISTRICT:

- Medak District is connected with(02)National Highway sand Railway line. The District is very near to the Capital city Hyderabad. There is a potentiality for export of processed food products.
- There is also scope for export of Pharma products from the District.
- As there is abundant availability of paddy in the district, scope for export of Rice based products.

CHAPTER-8:FOOD BASED INDUSTRIES IN THE DISTRICT:

Sl.No.	Industry Name&Address	ODOP Product
1	Mahendra Foods,TSIIC,Kucharam(V), Manoharabad(M), Medak Dist.	Tomato and all types Soops
2	Prima Food Tech PVT LTD, H-NO-6-3- 668/10/25,Kondapur(V),Manoharabad(M), Medak district	Food and food processing including fruits and vegetable processing
3	ITC Limited, Manoharabad(V&M),Medak district	Potato Chips
4	Rajpal Confectionary, Sy.NOo228/9, Kucharam(V),Manoharabad(M),MedakDist.	Bakery /confectionery /sweets products(with production capacity less than 1 tpd (with gas or electrical oven)
5	Mavee Foods Unit-II,Sy.No.87P,88P,89/AA, Rukmapur(V), Chegunta(M), Medak Dist.	Bakery pre Mixtures, Chocolates (Institutional), Fondant, Glazing Gel, Non Dairy Whip Toppings, Spray Colours
6	M/s.Denalifoods,PvtLtd,SYNO.244&245 PALAT VILAGE, Tupran(M), Medak Dist.	Bakery /confectionery /sweets products(with production capacity less than 1 tpd (with gas or electrical oven)

INTERVENTIONS REQUIRED FOR IDENTIFIED EXPORT POTENTIAL PRODUCTS:

- There is a need for modernizing the existing rice mills with sortex machinery which will help the industry for exporting the rice to other countries. There is a request for establishment of dry port facility which will give impetus to the export of rice. At present some of the traders/ rice millers exporting the rice through third party from Kakinada port. They requested for finding more avenues of exporting rice by creating awareness to the farmers and industrialists about the export standards farming (organic) and in processing the paddy.
- The mango produced in the district is sold in the local markets only. If awareness is created in the farmers for export of horticulture produce exports can be taken up in a big way.
- In the District Tomato is abundantly available and there is a scope for export of tomato based products (Ketchup, Tomato powder etc.,)

Particulars	Details	Comments	Instructions
(I) General Information			
(1) State/Union Territory	Telangana	---	---
(2) District	Medak	---	---
(3) Product/ Service	Rice & Food Processing Products	---	---
(4) HS code of the Product	1006 & 5201	---	---
(5) Whether GI Tagged	No	---	---
(6) Industry	Agro Based Industry (Rice & Food processing)	---	---
(7) Is the product perishable?	No	---	---
(8) Concerned Line Ministry, State departments And Boards	DSO & Food Corporation of India.	---	---
(9) Concerned Industry Associations	Rice Miller Association	---	---
(II) Current status of the product/service			
(1) Production capacity (in units)	9.07 lakhs (Rice) Tonnes 16.46 (Crops & Food grains) Tonnes	---	---
(2) Production capacity (in number of processing units)	130 Rice Mills	---	---
(3) Composition of production units in Small / Medium / Large Enterprises		---	---
(4) Any marginalized section of society engaged in the production	No	---	---
(5) Demand in India in the last 6 months (in units)	---	---	---
(6) Supply in India in the last 6 months (in units)	---	---	---
(7) Demand in the international market in the last 6 months (in units)	---	---	---
(8) Supply in the international market in the last 6 months (in units)	---	---	---
(9) Top importing countries	----		

(III) Current status of value-added products/ services			
(1) Name of the value-added product	NIL	---	---
(2) Production capacity of the value-added product (in units)	---	---	---
(3) Production capacity of the value-added product (in Number of processing unit s)	---	---	---
(4) Composition of production units In Small/Medium/ Large enterprises	---	---	---
(5) Any marginalised section of society engaged in the production of value-added products	---	---	---
(6) Demand of the value-added product in India in the last 6 months (in units)	---	---	---
(7) Supply of the value- added product in India in the last 6 months (in units)	---	---	---
(8) Demand of the value-added product in the international market in the last 6 months (in units)	---	---	---
(9) Supply of the value -added product in the international market in the last 6 months (in units)	---	---	---
(10) Top importing countries of the value-added product	---	---	---
(11) Scope for value addition	Rice, Food Processing	---	Value addition also enhances the profitability of rice production. A wide range of product development like processed and canned, ready-to-eat products, vitamin, iron or calcium enriched flaked or puffed rice, flavoured rice, starch extraction from broken rice and so on are nowadays getting popular.
(12) Is the value-Added product perishable?	YES	---	---

(IV) Problems in the supply chain, Interventions required and Responsible Authority			
(1) Tech related	Testing lab	---	
(2) Standards and certification Related	---	---	---
(3) Quality of output related	Quality testing of Products done in other states	---	There is a need of set up quality certificate agency in Medak District to promote exports.
(4) Awareness related	Awareness programmes	---	Most of the industries doesn't know the export related requirement and certifications. Awareness programmes related exports required certificates will boost the exports
(5) Infrastructure / Ecosystem related (other than logistics)	---	---	Dry port facility has to be provided. There is a proposal for dry port in Medchal.
(6) Logistics related	High Transportation Cost	---	To minimize the cost of end product there is a need of set up dry port which leads to boost the exports.
(6) Workforce availability or training related	---	---	Skill development centres have to be provided in consultation with the line departments.
(7) Working capital related	---	---	Suitable working capital has to be provided by the state Govt. for exports
(8) Investment related	---	---	---
(9) Policy & Regulations related	---	---	---
(10) Infringement / duplication / counterfeit related	---	---	---
(11) Any other	---	---	---
(V) Potential for other products / services			
(1) Other products / services with potential for Export	---	---	---
